## ***WELCOME***

Welcome to the Manchester Local School District. This handbook is for your use to make you and your parents\* aware of the rules, policies, and information necessary for a successful year. We urge you and your parents to read this book carefully and keep it handy for reference. Please contact your building principal or superintendent if you have any questions. We value your input and know that by working together, (students, parents, school staff and community), our school district will improve in its quality of education and you will be proud to say, "I am from the Manchester Local School District." In this handbook any reference to parent or parents is meant to include the court appointed guardian.

### **EDUCATIONAL PHILOSOPHY**

We believe in the following educational philosophy for the Manchester Local School District: "The Manchester Local School District is dedicated to providing students sound educational opportunities supported by a community inspired to help them reach their potential."

### **Belief Statements**

We believe that:

- All children can learn.
- The instructional program must be challenging and provide appropriate opportunities for all students.
- Technology is an integral part of an instructional program.
- School employees are accountable for the work they do and for the things over which they have control.
- Our schools must provide a caring, friendly, and safe climate for learning.
- Our schools are an integral part of and belong to our community.
- Public education is vital to community development and well-being
- Our school facilities and equipment must be able to support quality education.
- High expectations of individual behavior and achievement will encourage each student and district employee to realize his/her potential.
- Learning brings joy and is a lifetime pursuit for students and employees.

### **Parameters**

- The educational needs of our students will be our highest priority.
- The physical and emotional health, safety, and welfare of our students will not be jeopardized.
- We will not allow the lack of funds to impede the pursuit of quality education.
- We will communicate openly, honestly, and in a timely manner to foster trust and understanding.
- No significant change in operation will be implemented unless mandated by law without student, employee, and community involvement in the planning process.
- In order to ensure efficient and effective use of resources and maximum educational value, we will not institute or continue programs without cost/benefit analysis.

**ENROLLMENT/WITHDRAWAL PROCEDURES**

**ENROLLMENT**

1. Students are considered enrolled in school on the first day of the school year, if they were enrolled in this district the last day of the prior year.
2. In order to keep school records correct, please notify **IN WRITING** any change in student's address, phone number, parent's work number and emergency phone number.
3. In the event of a change in custody, a copy of the Court Orders pertaining to the child's custody will be given to school officials.
4. Parents wishing to enroll a student for the first time should report to the school office. We will need a copy of the student's birth certificate, papers showing proof of custody, and a copy of his/her social security card. If entering from another school district, please present any official records from the elementary or secondary school he/she most recently attended including an I.E.P., if applicable. In the absence of these, within a twenty-four hour period, the school will request an official transcript from that past school. If records are not received within 14 days of the date of request, then the school shall notify the proper law enforcement agency pursuant to the Missing Child Act.
5. Students wishing admission from a non-charter or home school will be required to take an exam to be administered by district personnel to determine placement.
6. Each year the school will require and updated **EMERGENCY MEDICAL AUTHORIZATION FORM** on file for each student. This authorizes emergency treatment for students should they become ill or injured while under school authority. This can be very important if parents cannot be reached immediately. Any existing physical conditions should be noted on this form.
7. Manchester Local School District complies with the Ohio Department of Education's Plan and State and Federal laws for the education of homeless students. Please refer to MLSD Board of Education Policy File: JECAA.

**WITHDRAWAL**

1. The office should be notified as far in advance as possible if a student plans to transfer.
2. The student should obtain the appropriate forms from the office and have them completed by the teacher(s).
3. All books and other property must be returned, all fees paid, and forms completed and returned to the office. This will allow a student's records to be forwarded to the new school.

**ATTENDANCE - ABSENCE**

According to Ohio Law, pupils must attend all sessions of school unless there are necessary reasons for being absent. Unless there have been prior arrangements, **the parent must notify the school as early as possible on the day of student's absence.** If the school does not receive notification by noon on the day of absence, then an attempt will be made to notify the parents.

1. Following an absence, the student should report to the office to receive an admission slip. At that time the student must present a note stating:
  - a. date of absence
  - b. reason for absence
  - c. signature of parent

**EXAMPLE:**

“To whom it may concern: Joe Smith was at home on 9-27-12.  
He had the flu.

Mrs. John Smith”

2. Students will show the admission slip to their classroom teachers for their signatures and to receive missed assignments.
3. If there is not proper notification, the absence will be unexcused. Students should bring in their absence note, the day they return to school. Any unexcused absence or suspension may

result in the student receiving a “0” for class work missed. The student is responsible for any missed assignments, or activity of any nature that can be made up. We ask for the parent’s cooperation to see that this is done within a five (5) day period following the absence.

4. The following will be considered reasons for excused absence:
  - a. Illness, injurious accident, contagious disease.
  - b. Serious illness or death in the immediate family.
  - c. **Emergency** medical or dental attention.
  - d. Authorized religious holidays.
  - e. Absences **approved in advance** by the school principal (job interview, college visitation, etc.).
5. Any homework or tests assigned prior to the absence will be due or made up when the student returns to school.
6. Under provisions of the compulsory school attendance law, **the principal of a school may require a doctor’s certificate for absences where illness of a student appears to be excessive. After a student has missed 5 days in a semester, a doctor’s note shall be required in order to have an absence excused.**
7. In grades K-8, any student who is truant for more than 10% of the required attendance days of the current grade is retained, unless the principal and the teachers of the failed subject areas agree that the student is academically prepared to be promoted to the next grade level. Academically prepared, as used in this policy, means that the principal, in consultation with the student’s teacher(s) has reviewed the students work and records and has concluded that, in his/her judgment as a professional educator, the student is capable of progressing through and successfully completing work at the next grade level.
8. If a student accumulates 5 unexcused absences, or 10 total absences in a semester in grades 9 - 12, he/she **WILL NOT** receive credit for the course. Parents shall be notified by **CERTIFIED LETTER** (return receipt requested) of the non-credit status. (Absences due to medical reasons, certified by a doctor, will not count toward the unexcused day. In cases of unusual circumstance, the student or parent may appeal in writing to the building principal.
9. **Absences of one hour** to one-half day shall constitute one-half day absence. Absence of less than one hour will constitute a tardy. (A.M. or P.M.)
10. If a student achieves non-credit status in three or more courses, he/she may be recommended for expulsion from school for the remainder of the semester or be considered for alternative school placement.
11. Students achieving non-credit status may continue to attend school through a court order. When this happens, a plan of action (contract) will be established between student, parents, and principal to help the student achieve success for the remainder of the school term.
12. If it is found that a student has lice or nits, one full excused day will be given to allow time for treatment. **Any days missed after that will be counted as unexcused.**
13. Students successfully completing an inpatient/outpatient drug/alcohol treatment program will not be penalized for days missed from school. These absences will be recognized as absence due to medical reasons.

#### **TARDINESS**

1. Excused tardies will be granted for the following reasons only: Illness or medical/dental emergencies accompanied with a note from the doctor or dentist. Only three excused tardies will be granted in a school year. All other tardiness is unexcused and the time will be made up in after school detention or Friday Night School. Three unexcused tardies constitutes ½ day absence.
2. The classroom teacher will determine the validity of **tardiness to class** and will, if necessary, take disciplinary action. Cases of frequent tardiness will be referred to the building principal for disciplinary action.

### ***LEAVING SCHOOL***

Students reporting to school are to remain on the school grounds and within supervised areas for the rest of the day. Exceptions are made for students on work-study programs and/or college options. Students are not permitted to leave for lunch. **All students must receive permission from the office and sign out before leaving school. A valid photo ID must be shown to an office employee in order to pick up a student.**

### ***SCHOOL PROCEDURE FOR TRUANCY***

The following includes yearly **cumulative** unexcused absences and/or unexcused tardiness:

1. **Four (4) days:** The Attendance Officer will make a **contact and/or issue a notice**. Parents will receive a copy of the notice informing them to set up a conference with the principal.
2. **Eight (8) days:** The Attendance Officer will make a referral to the Juvenile Court. The Attendance Officer will attempt to make a home contact and/or issue a notice in an effort to resolve the problem informally. MLSD may file truancy charges after 8 unexcused absences, depending on the student's truancy history.
3. **Twelve (12) days:** The Attendance Officer will file charges against parent/guardian in County Court or against the student in Juvenile Court.

**\*A meeting between the parent/guardian and a court-appointed mediator may be scheduled at any time in an attempt to resolve truancy issues.**

### ***DAILY ARRIVAL***

1. No student should be in the building before 7:00 A.M. unless:
  - a. Such is requested by a teacher,
  - b. He/she has been issued an early pass at the request of his/her parents.
2. No student should be in the building one-half hour after dismissal unless:
  - a. Such is requested by a teacher,
  - b. The student is participating in a supervised activity.
3. Students who furnish their own transportation should proceed directly to their assigned school and should not loiter or disrupt the educational process at other buildings.

### **TRANSPORTATION**

#### ***BICYCLES***

Bicycles may be ridden to school, but must be parked in a designated area until the end of the school day.

#### ***BUS TRANSPORTATION***

The following requirements are in accordance with the rules for student transportation adopted by the State Board of Education in October, 1984:

1. All students riding buses will be considered under school jurisdiction, by law, from the time they board the bus in the morning until they are discharged from the bus in the evening. When possible, at transfers, students will remain on the bus under the jurisdiction of the driver. Any student having to transfer from one bus to another will be considered under school jurisdiction. If a student leaves school property, (crossing the street), for any reason other than injury, sickness, or other emergencies, he/she will be considered as breaking rules and board policies.
2. School bus drivers may, within the scope of their employment, use and apply such amount of force and restraint as is reasonable and necessary to quell disturbances threatening physical injury to others. Bus drivers may also obtain possession of weapons or other dangerous objects upon the person, or within the control of the student, for the purpose of self-defense or for the protection of persons or property.
3. Students riding the bus will be provided due process as defined in the Due Process section of this handbook.

**Following these rules results in safety for everyone:**

1. Pupils shall be careful in approaching bus stops, walk on the left facing oncoming traffic and be sure that the road is clear both ways before crossing the highway.
2. Pupils shall be on time at the bus stop in order to permit the bus to follow the time schedule.
3. Pupils shall arrive at the bus stop before the bus is scheduled to arrive.
4. Pupils shall wait in a location designated by the driver.
5. Behavior at the school bus stop shall not threaten life, limb, or property of any individual.
6. Pupils must go directly to an available or assigned seat so the bus may safely resume motion.
7. Pupils shall remain seated, keeping aisles and exits clear.
8. Pupils shall observe classroom conduct and obey the driver promptly and respectfully.
9. Pupils shall not use profane language.
10. Pupils shall refrain from eating and drinking on the bus, except as required for medical reasons.
11. Pupils shall not use or possess tobacco on the bus.
12. Pupils shall not have alcohol or drugs in their possession on the bus.
13. Pupils shall not throw or pass objects on, from, or onto the bus.
14. Pupils may carry on the bus only objects that can be held in their laps. (Special circumstances require prior permission from the bus driver.)
15. Pupils shall leave or board the bus at locations to which they have been assigned unless they have parental and administrative authorization to do otherwise. Due to the provision in the missing child law, we will no longer accept phone calls in lieu of notes for changes in transportation or pick up. Please send a note to school with your child if they are to ride the bus to a designation other than home. If your child is going home with another student, **both** students must have a note. All notes will be sent to the office for the principal's approval.
16. Pupils shall not put head, arms or hands out the bus windows.
17. Pupils shall not sell candy or trade anything on the bus.
18. Guidelines shall be formulated for the use and storage of equipment and other means of assistance required by preschool and special need children.
19. Parents shall be responsible for any damage done to a bus by their child.
20. The superintendent or superintendent designees or principals are authorized to suspend or remove pupils from school bus riding privileges.
21. Immediate removal of a pupil from transportation is authorized when the pupil's presence poses a danger to persons or property or a threat to the safe operation of the school bus.
22. Unauthorized persons shall not ride the bus. Unauthorized persons include: family members of school bus drivers who are not enrolled in any of the approved school programs, unless they are adults appointed as chaperones on non-routine trips; school employees on routine bus routes; and adults not enrolled in any of the approved programs, unless they are assigned by proper school officials as bus monitors.

**Don't lose your riding privileges. Follow these rules.**

***STUDENT SELF-TRANSPORTATION***

Driving to school is a privilege since bus transportation is provided. The student who drives must obey the following regulations.

1. When a vehicle/bicycle is driven to school, it must be parked in the assigned parking area and not moved during the school day. A card or sticker will be issued to be placed within view on or near the front windshield.
2. A student wishing to drive must obtain a permit from the office. This permit must be signed by the parent and the student, thus absolving the school of any and all responsibility while the student drives to and from school.
3. This permit will also contain the make and model of the vehicle, color(s) and license number.
4. Speeding or careless operation on the school grounds and on the streets bordering the school is not permitted.
5. Sitting in vehicles during the school day is prohibited.

6. Student vehicles on school grounds are subject to search if conditions warrant.
7. A vehicle permit may be revoked for breaking the above rules.
8. Ohio revised code prohibits a driver less than 17 years of age from operating a motor vehicle with more than one non-family member in the vehicle.

### MEDICAL

1. Students with signs of a communicable disease (**RED OR DRAINING EYES, FEVER, RASH, BOIL, IMPETIGO, RUNNING SORE, VOMITING, DIARRHEA, BAD COLD, SORE THROAT OR DEEP COUGH**) and communicable conditions (such as **SCABIES** or **HEAD LICE**) are not allowed to attend school until they meet one of the following criteria:
  - a. Be free of disease symptoms.
  - b. Be non-contagious according to the Health Department guidelines.
  - c. Have a doctor's written statement that they are non-contagious.
2. Medication schedules should be arranged so students take their medication at home. **When it is absolutely necessary for medication to be given at school, a "REQUEST TO ADMINISTER MEDICATION FORM." must be signed by the parent/guardian and the physician prescribing the drug. FORMS ARE AVAILABLE IN EACH SCHOOL OFFICE.** No non-prescription medication will be taken without the completion of the **"Request to Administer Medication Form"**. *This includes the use of an inhaler*
3. All medication will be kept in the clinic and will be taken only upon proper authorization. Any student who needs to carry an inhaler, EpiPen, or other emergency medication with him/her must have a doctor's statement to verify this.
4. Medications must be in the container in which it was dispensed by the prescribing physician or pharmacy, with the dispensing label legible and corresponding to the information on the "Request to Administer Medication Form".
5. Whenever possible, medication should be brought to school by the parent. If this is not feasible, the parent must contact the building principal to make other arrangements. To avoid the possibility of unsupervised use of medication or accidental poisoning, medication must not be sent to school with the student.
6. Medications by injection will be given only for certain emergency situations (i.e. bee stings). This medication should be in an auto injection device for safety in administration.
7. The parent/guardian must provide written permission annually to administer any medications (prescription or over-the-counter), which includes vital personal information concerning the student, such as address, birth date, emergency contacts, etc.
8. Students have the opportunity to enroll in the School Health-Based Center to receive medical and psychological treatment, as well as counseling services provided by Licensed Independent Social Workers.
9. Hearing and vision screenings shall be conducted as required by law. (ORC 3313.673, 3313.69). Results of these screenings, as well as other optional screenings (such as scoliosis and BMI) shall be recorded in ImpactSIIS. ImpactSIIS is an online statewide secure system that keeps track of childhood immunizations and other health information. This site is managed by the Ohio Department of Health. **If you do not wish for your child's screening results to be included in the system, notify your school administrator.** Your child's records are protected and can only be accessed by authorized users with restricted access such as health care providers, school nurses, or WIC staff.

### **EMERGENCY SITUATIONS AND EARLY SCHOOL CLOSINGS**

1. Emergencies may arise during the school year because of weather conditions, furnace problems, etc., making it necessary to delay school opening or dismiss school before the regular time.
2. Our district will use the “school messenger system” to inform students and parents of any change in regards to school routines.
3. You should arrange for your child to stay with friends, neighbors, or relatives in cases when you may not be at home.

### **EMERGENCY PROCEDURES**

The staff is prepared to take prudent action should any emergency arise during the school day. Fire, tornado, and other emergency evacuations are conducted periodically to give students an opportunity to practice procedures. In addition, evacuation procedures are posted in classrooms. Students are to follow the direction of the staff members. Students are not to leave the premises without procedural release.

### **SCHOOL SECURITY PROCEDURES**

A security procedures policy to protect our students and staff is the number one priority of the Manchester Local Schools.

- All exterior doors will remain locked at all times.
- All classroom doors will be locked at all times.
- All visitors to the schools are required to report in with the administrative/principal’s office.
- The main entrance will have a passive security system. Each visitor must sign in, receive a visitor pass, and be escorted by an appropriate school employee.
- Video surveillance will be maintained in both buildings. These cameras will be monitored.
- All long term volunteers must receive a BCI/FBI background check. Please see the section entitled *Volunteers in School* for more information.
- A valid ID must be shown to an office employee in order to pick up a student.

### **What a Parent Can Do In an Emergency**

1. Keep school telephone lines open for emergency use. **DO NOT PHONE THE SCHOOL.**
2. Keep cars out of the area leaving streets clear for emergency vehicles - police, ambulance, and fire department.
3. Announcements will be made on local radio station C103 out of West Union.
4. Announcements will on the MLSD website @ [www.mlzd.us](http://www.mlzd.us)

### **VISITORS**

1. Parents or other persons are encouraged to visit our schools. Visitors are required to report to the school’s office and will be issued a “Visitor’s Pass”. Guests will then be escorted by a school employee to their desired location.
2. If your presence causes a disruption of normal school activities, you will be asked to leave. Refusal to do so may result in the filing of trespassing charges against you.
3. There should be no children or students visiting without prior approval by the building principal.

**VOLUNTEERS IN SCHOOL**

We believe that parent and community involvement is an important part of the educational program. Current research indicates that a strong relationship between parent and school generally results in higher achievement scores, improved student behavior, and reduced absenteeism. Volunteers will be required to have a criminal background check. Also, each person will be required to complete a volunteer application. This can be obtained through each building principal.

Here are a few of the ways a parent/volunteer can help:

- |                                    |                            |
|------------------------------------|----------------------------|
| Assist in the classroom            | Act as a resource person   |
| Assist with playground supervision | Help with field trips      |
| Work with an individual child      | Read stories to children   |
| Speak to class on your specialty   | Help with fund-raising     |
| Assist in the library              | Make posters & displays    |
| Help with clerical chores          | Help with special programs |
| Serve on parent advisory councils  | Make learning centers      |

**PUBLIC CONDUCT ON DISTRICT PROPERTY**

All persons on District grounds are expected to abide by applicable laws, local ordinances, Board policies and building regulations.

No person on District property may assault, strike, threaten, menace or use improper, indecent or obscene language toward a teacher, instructor, or other employees of the schools or students at any time.

No person is permitted to bring deadly weapons or dangerous ordnances into a school safety zone.

No person may disrupt, disturb or interfere with the teaching of any class of students or any other activity conducted in a school building or upon the campus or grounds at any time.

Whoever violates the above policy and building regulations will be asked to leave the property by whoever is in charge. Should that person refuse, law enforcement officials will be called. If the offender should be a student, the person in charge should report the student to the appropriate principal. The administration cooperates in any prosecution pursuant to the criminal laws of the state of Ohio and local ordinances.

## **STUDENT RULES AND REGULATIONS**

The following is a list of rules of conduct which will be enforced on school grounds during, before, and after school hours and at any time when the school is being used by any school group. Rules of conduct extend to any school activity, function, or event, and on school buses when students are being transported.

We ask the parents' cooperation and support in enforcing the rules of conduct. As parents may be held legally liable for vandalism, damage to school property, or injury to students or staff for which their child is responsible, we ask that parents discuss with the teacher and/or the administrator, problems a child displays before the problems become serious.

Students have the right to reasonable treatment from the school and its employees. The school, in turn, has the right to expect reasonable behavior from the student. Freedom carries with it responsibility for all concerned.

**VIOLATION OF ANY ONE OR MORE OF THE FOLLOWING RULES OF CONDUCT MAY RESULT IN DISCIPLINARY ACTION INCLUDING SUSPENSION, EMERGENCY REMOVAL AND/OR EXPULSION.**

### ***RULES***

#### ***Rule 1: Disruption of School***

A student shall not through any means cause disruption of the classroom or normal school day.

#### ***Rule 2: Damage to Public or Private Property***

A student shall not cause or attempt to cause damage to public or private property during the school day, or during a school function, or event.

#### ***Rule 3: Assaults***

A student shall not inflict injury, cause another to inflict injury or behave in any way which could cause physical injury or mental anguish to another student, teacher, or other school personnel. This includes on school grounds before, during, or after school hours, as well as off school grounds at a school activity, function, or event, or while the student is being transported by school bus.

The term assault means both physical and verbal. Verbal assault is defined as "words or phrases which are vulgar, obscene, degrading, or threatening harm to staff or students." Be very careful in your choice of words. Off-hand comments may be considered inappropriate or verbal assaults. Threats or implied threats toward staff or other students are inappropriate and will not be tolerated.

Students who commit a physical assault on another student/school employee are not permitted to attend school dances for the rest of the current school year.

#### ***Rule 4: Dangerous Weapons and Instruments***

A student shall not knowingly possess, handle, or transmit any objects that can reasonably be considered weapons, or other dangerous objects of no reasonable use to the student at school. Any student who is determined to have brought to school a firearm as defined in Section 921 of Title 18, United States Code, shall be expelled for not less than one year, subject to reduction of this term by the superintendent in determining the terms of expulsion on a case-by-case basis. The superintendent shall consider all of the relevant facts and circumstances, including applicable Ohio/Federal law.

#### ***Rule 5: Tobacco, Drugs, Alcohol***

A student shall not possess, transmit, conceal, consume, or show evidence of having consumed or used, or offer for sale any tobacco products, alcoholic beverages, illegal drugs, prescription or non-prescription, look-alike drugs, narcotics, or any mind-altering substance while on school property or at any school activity. The use of illicit drugs and the unlawful possession and use of alcohol and tobacco products is wrong and harmful.

Students will be provided opportunities to have hands-on experience with a wide range of educational technology. The amount of time will be dependent upon the amount of equipment available and the age of the students. As with any resources, care must be taken to insure that school equipment is properly maintained. Parents of students who cause damage to any school equipment through misuse or intentional acts will be held responsible for repair or replacement of the equipment.

Only students who have been authorized by the District and who are under direct supervision of designated District employees are permitted to use the MLSD Network telecommunications services (Internet, E-mail). **HAZING AND BULLYING**

Hazing means doing any act or coercing another, including the victim, to do any act of intimidation or harassment to any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person.

Bullying is an intentional written, verbal or physical act that a student has exhibited toward another particular student more than once and the behavior causes either mental or physical harm to the other student and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student.

Permission, consent, or assumption of risk by an individual subjected to hazing and/or bullying does not lessen the prohibition contained in this policy.

Prohibited activities of any type including those activities engaged in via computer and/or electronic communications devices are inconsistent with the educational process and are prohibited at all times. No administrator, teacher or other employee of the District shall encourage, permit, condone or tolerate any hazing and/or bullying activities. No student, including leaders of student organizations, may plan, encourage or engage in any hazing and/or bullying.

Administrators, teachers and all other District employees are particularly alert to possible conditions, circumstances or events which might include hazing and/or bullying. If hazing and/or bullying or planned hazing and/or bullying is discovered, involved students are informed by the discovering District employee of the prohibition contained in this policy and are required to end all hazing and/or bullying activities immediately. All hazing and/or bullying incidents are reported immediately to the Superintendent and the appropriate discipline is administered.

The Superintendent/designee must provide the Board President with a semiannual written report of all reported incidents of bullying and post the report on the District's Web site.

The administration provides training on the District's hazing and bullying policy to District employees and volunteers who have direct contact with students. Additional training is provided to elementary employees in violence and substance abuse prevention and positive youth development.

District employees, students and volunteers are provided with qualified civil immunity for damages arising from reporting an incident of hazing and/or bullying. Administrators, teachers, other employees and students who fail to abide by this policy may be subject to disciplinary action and may be liable for civil and criminal penalties in compliance with State law.

No one shall retaliate against an employee or student because he/she files a grievance or assists or participates in an investigation, proceeding or hearing regarding the charge of hazing and/or bullying of an individual.

### **DISCIPLINARY SANCTIONS**

All warnings are considered to have been given when the policies, rules and/or regulations are first explained to the student and/or when the student is given a copy of the student handbook.

3. Students facing disciplinary action will be given written or oral explanations of the charges against them. Said explanation will include the evidence against the student and the specific rule or regulation from the Student Conduct Code which allegedly has been violated.
4. Students facing disciplinary action will then be given the opportunity to present their side of the story (one’s defense).
5. If the student admits guilt and/or if the evidence against the student is conclusive and overwhelming, disciplinary sanctions may be administered.
  - a. When a student vehemently denies the charges against him/her and/or when the disciplinary sanction may be expulsion or suspension of ten days or more, a conference (including the student, parent, and school officials) should be made available, at the student’s request, before disciplinary sanctions are imposed.
  - b. Where a student’s presence creates a danger or threat to persons or property, he/she may be immediately removed from school, with written or oral explanations of the charges to follow as soon as possible.

Students are expected to behave in a way that demonstrates that pride. Courtesy is to be extended toward all visitors, teachers, fellow students and officials at school events.

Sportsmanship is the ability to win and lose gracefully. A loyal student supports his/her school and does his/her utmost to keep the scholastic and activity standards at the highest level. Throwing objects at events, making unnecessary rude or offensive comments to officials, or acting in any way deemed inappropriate by school officials may result in disciplinary action.

In order to keep the emphasis of the school on academics, the following regulations will be enforced regarding participation in extracurricular activities.

### ***PARENT - TEACHER CONFERENCE***

Teachers welcome parents to call the office to arrange a time to discuss their child's progress. Teachers have assigned time during the day for conferences. We prefer that parents come only at an assigned time to prevent disruption of the teacher's instructional duties with his/her class. Also, days are set in the school calendar as specific conference days. If the parent-teacher conference does not provide satisfactory results, please contact the building principal.

### ***PUBLIC COMPLAINTS ABOUT DISRICT PERSONNEL***

**CAFETERIA**

**CHILD NUTRITION BREAKFAST AND LUNCH PROGRAM**

This school district participates in “offer vs. serve” federal and state breakfast and lunch programs. This program entitles the food service department to purchase government commodities at a reduced cost and receive money reimbursement on all student meals served. This enables the meal prices to stay lower than commercial rates.

In order to file for reimbursement, all students must be assigned individual student numbers to track who and how many have eaten per day.

**OFFER VS. SERVE BREAKFAST:**

**What a Student Must Be Offered:**

The first requirement for a reimbursable breakfast is that all four food items must be offered (made available) to all students. The four items that must be offered consist of:

- One serving of fluid milk
- One serving of vegetable/fruit, or full-strength fruit juice or vegetable juice, and either
- Two servings of bread/bread alternate

**OR**

- Two servings of meat/meat alternate

**OR**

- One serving of meat/meat alternate and one serving of bread/bread alternate

The second requirement is that the serving size of those four required food items must equal the minimum quantities specified in the School Breakfast Meal Pattern Requirement.

**What a Student Must Take:**

For breakfast to be reimbursable under offer vs. serve, a student must take full portions of at least three of the four food items offered. Breakfast must be priced as a unit and the same price charged whether 3 or 4 items are taken.

**OFFER VS. SERVE LUNCH:**

**What a Student Must Be Offered:**

The first requirement for a reimbursable lunch under offer vs. serve is that all five food items must be offered (made available) to all students. The five items that must be offered consist of:

- One serving of meat/meat alternate in the adjusted quantity and portion size by age or grade as specified.
- Two or more servings of vegetables or fruits or a combination of both to total the minimum quantity and portion size by age or grade as specified.
- One serving of bread/bread alternate in the adjusted quantity and portion size by age or grade as specified.
- One serving of fluid milk in the adjusted quantity and portion size by age or grade as specified.

The second requirement is that the serving size of each of the five food items must equal the minimum quantities specified in School Lunch Patterns for Various Age/Grade Groups. Two separate vegetable/fruit items **must** be offered. The combined serving size of the two-vegetable/fruit items **must** total the required minimum quantity by age/grade group for the vegetable/fruit component.

The third requirement is that the lunch must be priced as a unit and students may take 3, 4, or all 5 items for the same price.

**What a Student Must Take:**

For a lunch to be reimbursable, a student must take the full portions of **no fewer than three** of the **five** food items offered. Students are **not** required to take specific food items as long as they choose at least three of the five items offered.

## **ADVANCE PAY AND CHARGING**

**“Cashless Meal Service System”**. All students will advance pay before lunch meal service time and no money will be accepted during designated lunch hours established for each school. Coordinated with the building principal, a time frame and place will be determined for students/parents to deposit money on the individual student account balance. Parents will fill out a form in the beginning of the school year to determine if the account money is to be spent on meals **only** or meals and a la carte items. For definition purposes, meals are the Type A complete lunch and a la carte items are incomplete meals and/or extra food items. **It is the responsibility of the parent/student** to keep adequate money in their account; however, parent/student will be advised when the account is depleted and the student is going into “emergency charge” limitation mode. There is a board policy for **no charging**. Because all concerned understand there are circumstances that happen in which it is necessary for a student to charge. Students may charge up to 4 meals. Complete and dated accountability of all items purchased is available for each student if needed. Students may see their account balance on a daily basis as they reach the cashier station.

## **SERVICE IMPROVEMENTS**

A la Carte items and “daily specials” are offered in the jr. high/high schools as alternatives for students. Food items will be individually priced and prices posted in the cafeteria. The prices for these foods will be more because there is no state or federal reimbursement for these items. All students, regardless of meal eligibility benefits, will pay for a la carte items. Extra servings of a particular item (ex: pizza)

## **MEAL BENEFITS:**

To receive FREE or REDUCE MEALS, an application must be completed by a parent, guardian, foster parent, or emancipated student, and returned to the school office to determine eligibility. Applications are sent home at the beginning of every school year and are available throughout the year in the principal’s office or administrative office. Incomplete applications **cannot** be processed or approved.

## **MEAL ALTERNATES:**

If desired, the student may bring lunch from home. Milk, juice, and other items can be purchased in the cafeteria to supplement the meal if desired.

## **CLOSED CAMPUS:**

The Manchester Local Schools are closed campus facilities. Students may bring meals from home or purchase from the school food service cafeteria. Students may not leave the school premises for meals or have food delivered from establishments to the school

2. The school telephone(s) is not to be used to call for forgotten items or to obtain “last minute” permission.
3. People needing to contact students or teachers during school time may leave a message with the secretary. Only in emergency circumstances will the student or teacher be called to the telephone.
4. The administration or office personnel have the right to monitor any incoming calls to students.

### GRADING

1. Grade Scale: The grading scale is structured in the following manner. Teacher discretion may be used in curving the scale in appropriate circumstances. All grades are computed on numerical average.

“A”	=	93 - 100
“B”	=	83 - 92
“C”	=	73 - 82
“D”	=	65 - 72
“F”	=	64 & below
“I”	=	<b>Work must be completed before end of next grading period to receive credit for class.</b>

2. Students electing to take advanced placement courses may receive weighted grades, provided they earn a grade of “C” or better and take the advanced placement exam. Each advanced placement course shall be given a .05 weight in computing the running grade point average. For example, if a student has a cumulative GPA of 3.80 and has completed one advanced placement course, .05 would be added to the GPA for a total of 3.85. If the student completes two advanced placement courses, the GPA would be 3.9, etc. Students on free or reduced lunch will pay a reduced test fee reimbursement by the Ohio Department of Education. In cases of severe hardship, test fees will be waived.
3. Class registration is usually accomplished in the spring for the following year.
4. Classes may be added or dropped before the 6th day of a course without penalty.
5. In the event a class is dropped after the above days, the student will receive a failing grade which will be computed into the overall GPA (Grade Point Average).
6. At the beginning of each course, teachers will inform students of the grading standards and the evaluation procedures (number of tests, projects, term papers, etc.) to be used in the class. At the high school level, the grade given at the end of the course is the one recorded on the permanent record.
7. Plus (+) and minus (-) can be used during the nine (9) weeks’ grades, but not for final grades. They will only be used as a tool during the nine (9) weeks to inform parents and students of their standing within a grade (A, B, C, D, or F) level. Plus and minus will not affect Honor Roll, Valedictorian, Salutatorian, or Group Officers.

### HIGH SCHOOL HONOR ROLL

Manchester Local School District will have an “all A” and “A/B” honor roll to recognize academic achievement for students in grades 7 – 12. The guidelines for the honor roll are as follows:

Retention of elementary/junior high students will be handled in the following manner:

If a student is failing and there is reason to believe he/she may be retained, the principal, upon notification from the teacher, will inform the parents of the problem no later than the end of the 3<sup>rd</sup> grading period for grades K-8.

Certain specified students who are offered intervention services either after hours or in summer classes are truant if they don’t attend intervention programs.

Intervention services are offered to students who are not making satisfactory progress toward the attainment of the statewide academic standards for their grade level.

**ACCELERATION**

The Board recognizes that all students learn and progress at different rates and that the time it takes to reach academic standards varies among students. The District uses acceleration strategies in four academic areas:

- A. Whole-grade acceleration
- B. Individual subject acceleration
- C. Early admission to kindergarten
- D. Early high school graduation

Correspondence courses will be at student expense and according to board policy.

Students interested in a technical education and who feel they may have difficulty in paying the amount necessary to participate in a technical course should discuss the situation with their school counselor and or technical counselor. ### **Valedictorian and Salutatorian**

The Manchester Local School District Board of Education believes in recognizing academic excellence within the school district.

1. Students eligible for the honor of Valedictorian or Salutatorian, must have earned a minimum of (4) credits at the Manchester Local School District high school or the Ohio Valley Career and Technical Center.
2. Post-Secondary students will be considered for the honor also, provided they have met the above requirements.
3. Students electing to take advanced placement courses may receive weighted grades, provided they earn a grade of “C” or better and take the advanced placement exam. Students on free or reduced lunch will pay a reduced test fee reimbursed by the Ohio Department of Education. In cases of severe hardship, test fees will be waived. Each advanced placement course shall be given a .05 weight in computing the running grade point average. For example, if a student has a cumulative GPA of 3.80 and has completed one advanced placement course, .05 would be added to the GPA for a total of 3.85. If the student completes two advanced placement courses, the GPA would be 3.9, etc.
4. An “A” grade shall equal four points; a “B” grade shall equal three points, etc. In order for the selection of Salutatorian and Valedictorian to take place, the grades for those students must be received before the date of graduation. Therefore, grade point averages used for the selection (only) of Valedictorian/Salutatorian will end as of:
  - a. The midpoint in the 2<sup>nd</sup> semester of the senior year for local high school students;
  - b. The end of the first semester for students choosing the Post Secondary Option.
5. Both the Valedictorian and Salutatorian must have a diploma with honors.
6. The Valedictorian award will be given to the senior class student (or students) with the highest grade point average for the four years of high school.
7. The Salutatorian award is given to the senior class student (or students) with the second highest grade point average for the four years of high school.
8. When students transfer in the Manchester Local Schools after having completed one or more years of study at another accredited high school, and when such students are eligible for this honor, both (or all) transcripts will be considered in computing the highest grade point average.
9. The building administrator and counselor retain the grade point average list and will be responsible for calculating the highest point average.

### **GUIDANCE COUNSELOR**
