Parents:

Thanks for showing your interest in Supplemental Education Services (free tutoring) for your child and the overall education of your child. This shows that you want to be a part of your child's education and their future. This means so much! Research shows that students that have parents who take an active role in their education do better in school and lead a more successful life.

We will be having an informational meeting on Tuesday, September 15 at 6:00 P.M. This meeting will be held in the elementary conference room. We will discuss your options and explain the program. Thanks for your concern.

Yours in Education,

Michael W. Cluxton  
Director of Special Programs
