# **National Art Honor Society**

The National Art Honor Society is a national honorary and service organization for high school students in grades 9-12 who are involved in visual arts. The members include Emilee

Applegate, Tori Barlow. Kameyl Carter. Ashliegh Dunn, Emma Farley, Zoi Farmakis, Grace Hackney, Braxlynn McClanahan, Abby Pollitt, Karson Hannah Reaves. Richmond. Harley Ridout, Maggie Roberts. Doris Tadlock, RayAnna

White Jenna McClanahan, Jenna Campbell, Abby Freeman, Jaela Horner, Bradyn Jones, Aaron Lucas and Lexi Nixon. The purpose of this club is to inspire and recognize those students who have shown an outstanding ability in the visual arts. NAHS strives to aid members in working toward the attainment of the highest standards in the visual arts and to bring art to the attention of the school and our community.

Some challenges that this club is facing this year is that the members are no longer meeting physically together to conduct business but meeting virtually via Google Meet due to Covid-19. Holding activities or getting everyone to participate in the activities are a challenge as well due to students being seperated in two groups and attending on different days. The club tries to hold an art event, activities or project each month for members to take part in.

Some of the things NAHS members took part of is the Pumpkin Carving and Painting contest where members showed off their spook-tacular pumpkin carving and

painting skills. They also helped stock shelves to fight hunger in the Manchester community by holding a canned food drive. This club is wrapping up their recent event; the Christmas Door Decor Contest.

The NAHS adviser, Mrs. Roberts empowers the chapter to be successful as she states, "The arts have a way of

bringing communities together. This year, a goal I have for the members is to complete murals we started last school year, but were cut short due to school closure. Art murals are a way to inspire people to take pride in their surroundings and create community spaces for all to enjoy. I believe taking part in art makes a lasting impression on student lives. I encourage my students to make art part of their lives. By doing so, this can help give students a sense of pride, a unique identity to better appreciate themselves as part of the student body and enrich them culturally." NAHS President, Braxlynn McClanahan's goal for this year as she states, "For the 2020-2021 school year is to accomplish as many activities as this club can while still embracing our creativity as a group even though we are separated for the time being."

Due to Covid-19, the entirety of MHS Sports were put on hold last month but have since been allowed again. If everything went as planned, the HS Boys' first game was scheduled for Friday, December 11<sup>th</sup>. Unfortunately, a player on the JV Boys team tested positive for Covid-19 and the whole team had to quarantine. This resulted in the cancellation of the scheduled first game on Dec. 11<sup>th</sup>.

The Covid-19 pandemic has put a little pressure on the teams as they have not had near enough practice time as years past. The games will also feel very different as they used to always be packed full with Greyhound fans but now will only allow a certain number of people to come watch the games which means the games will be much quieter.
