PERSONNEL POLICIES GOALS

The personnel employed by the Board are a very important resource for effectively conducting a quality educational program. The District's program functions best when it employs highly qualified personnel, conducts appropriate staff development activities and establishes policies and working conditions which are conducive to high morale and enable each staff member to make the fullest contribution to District programs and services.

The goals of the personnel program include:

1. developing and implementing those strategies and procedures for personnel recruitment, screening and selection which result in employing the best available candidates: those with the highest capabilities, strongest commitment to quality education and greatest probability of effectively implementing the educational program;
2. developing a general assignment strategy which makes the greatest contribution to the educational program, and using it as the primary basis for determining staff assignments;
3. providing positive programs of staff development designed to contribute both to improvement of the educational program and to each staff member's career development aspirations;
4. providing for a genuine team approach to education, including staff involvement in planning, decision making and evaluation;
5. developing and using for personnel evaluation positive processes which contribute to the improvement of staff capabilities and assist in making employment decisions and
6. encouraging all employees to be cognizant of their roles in instilling ethical principles and democratic ideals in all students.

EQUAL OPPORTUNITY EMPLOYMENT

The District provides equal opportunities for employment, retention and advancement of all personnel.

This Board encourages all personnel to assist in the accomplishment of this goal through their personal commitment to the concept of equal opportunity for all personnel regardless of race, color, national origin, citizenship status, religion, sex, economic status, age, disability or military status.

STAFF INVOLVEMENT IN DECISION MAKING

The District involves the efforts of many people and functions best when all personnel are informed of the major activities and concerns.

There should be an exchange of ideas and pertinent information among all elements of a school district. Problems and unfavorable attitudes develop when employees are denied information essential for the performance of their respective assignments or when they feel that their ideas and concerns are not heard. Morale is enhanced when employees are assured that their voices are heard by those in positions of administrative authority.

A pattern of decision making and problem solving close to the task also contributes to efficiency and high morale.

While all employees have the opportunity to bring their ideas or grievances to the Board, they are expected to proceed through the recognized administrative channels. Final authority for all decisions rests with the Board.

STAFF CONFLICT OF INTEREST

Employees shall not engage in, nor have a financial interest in, any activity which conflicts with their duties and responsibilities in the District.

Employees shall not engage in work of any type in which information concerning customer, client or employer originates from any information available to them through District sources.

Employees shall not sell textbooks, instructional supplies, equipment, reference books or any other products to the District. They shall not furnish the names of students or parents to anyone selling these materials.

In order that there is no conflict of interest in the evaluation of employees, at no time shall any administrator responsible for the evaluation of an employee be directly related to that employee.

STAFF CONDUCT

All staff members have a responsibility to make themselves familiar with, and to abide by, the laws of the state of Ohio and the Negotiated Agreement, the policies of the Board and the administrative regulations designed to implement them.

The Board expects staff members to conduct themselves in a manner which not only reflects credit to the District, but also presents a model worthy of emulation by students. Staff members are not permitted to bring a deadly weapon or dangerous ordnance into a school safety zone.

All staff members are expected to carry out their assigned responsibilities. Essential to the success of ongoing operations and the instructional program are the following specific responsibilities which are required of all personnel:

1. faithfulness and promptness in attendance at work;
2. support and enforcement of policies of the Board and regulations of the administration;
3. diligence in submitting required reports promptly at the times specified;
4. care and protection of District property and
5. concern and attention toward their own and the District's legal responsibility for the safety and welfare of students, including the need to ensure that students are under supervision at all times.

BOARD-STAFF COMMUNICATIONS

The Board wishes to maintain open channels of communication with the staff. The basic line of communication is through the Superintendent. Staff members should utilize the Superintendent to communicate to the Board or its subcommittees.

Accordingly, all official communications, policies and directives of staff interest and concern are communicated to staff members through the Superintendent. The Superintendent develops appropriate methods to keep staff members informed of the Board's issues, concerns and actions.

Board members must recognize that their presence in school buildings could be subject to a variety of interpretations by school employees. If a visit to a school or classroom is being made for other than general interest, Board members shall inform the Superintendent and make arrangements for visitation through the principals of the particular school. General interest visits are defined as informal expressions of interest in school affairs and not as inspections or visits for supervisory or administrative purposes. Board members will indicate to the principal the reason(s) for the visit. Official visits by Board members are carried out only under Board authorization.

STAFF HEALTH AND SAFETY

Through its overall safety program and various policies pertaining to school personnel, the Board attempts to ensure the safety of employees during their working hours and assist them in the maintenance of good health.

All employees are expected to observe commonly recognized practices which promote the health and safety of school personnel.

Bus drivers will have an annual physical examination in compliance with State law. The results of all such examinations are filed with the Superintendent.

Employees who are required by State or Federal law to have respiratory protection are required to have two physical examinations. The first examination must take place prior to the individual's wearing a respirator. The second examination must take place after the individual's exposure to any hazardous material (within 30 days if it is a one-time exposure, and at least annually if it is ongoing exposure).

The Board may require an individual examination of an employee whenever, in its judgment, it is necessary to protect the health and safety of students or other employees. Whenever the Board requires an employee to submit to a physical examination other than that required by law, the Board assumes the cost of the examination. All health examinations required of employees are made by one of the physicians approved for this purpose by the Board.

Workers' Compensation

In case of injury while pursuing duties in keeping with the employee's contract, the employee may be eligible for payment of medical expenses under the Workers' Compensation Act of Ohio.

Any employee who is injured while at work should immediately report such injury to the central office and request the necessary forms to make application for payment under this act.

The injured employee may be requested to undergo chemical testing, as established by law and administrative regulation. The employee must prove that the injury was not proximately caused by his/her being intoxicated or under the influence of a controlled substance not prescribed by his/her physician. The results of, or the employee's refusal to submit to, any of the requested chemical tests may affect the employee's eligibility to receive Workers' Compensation benefits.

6. The employee refuses to submit to a requested chemical test.

Legal Protections

All testing will be conducted by a qualified, federally certified testing laboratory or a laboratory that meets or exceeds HHS standards for laboratory certification selected by the Board, and any positive test result will be confirmed by a medical review officer.

All test results will remain confidential as between the employee, the Board and the Bureau of Workers' Compensation.

HIV/AIDS
(Human Immunodeficiency Virus/
Acquired Immune Deficiency Syndrome)

General Principles

The Board recognizes that the human immunodeficiency virus (HIV) and the condition of acquired immune deficiency syndrome (AIDS), which is caused by the HIV infection, are significant medical, legal, educational and social issues. The Board desires to protect the rights of all students and employees and does not discriminate against students and employees who are HIV infected. The Board works cooperatively with state and local health organizations in assessing the needs of HIV-infected students or staff and keeping up-to-date on current educational information to be included in the District's educational plan.

Current medical information available indicates that HIV cannot be transmitted from one individual to another by casual contact, i.e., the type of contact that occurs in the school setting, such as shaking hands, sharing an office or a classroom, coughing, sneezing or sharing drinking fountains. Students who are infected with HIV are entitled to all rights, privileges and services accorded to other students. Decisions about any changes in the educational program of an HIV-infected student shall be made on a case-by-case basis, relying on the best available scientific evidence and medical advice.

There shall be no discrimination against employees who are HIV infected. The District provides equal opportunities for employment, retention and advancement for all staff members. Employees who are unable to perform their duties due to an illness, such as those related to HIV, shall retain eligibility for all benefits that are provided for other employees with long-term diseases or disabling conditions, utilizing the information/rights in any Negotiated Agreements or Board policies as appropriate. Changes in employment status or location due to HIV complications are made on a case-by-case basis.

Evaluating Students and Staff Who Are Infected with HIV

The Superintendent is the designee regarding all HIV incidences. When an individual is found to be infected with HIV, the Superintendent shall attempt to ascertain, in consultation with the infected individual, whether he/she has a secondary infection such as tuberculosis that constitutes a recognized risk of transmission in the school setting. This is a medical question that can only be determined by the infected person's physician. The Superintendent shall also attempt to determine ways that the District may help anticipate and meet the needs of the student or staff member infected with HIV.

If there is no secondary infection that constitutes a medically recognized risk of transmission in the school setting, the Superintendent shall not alter the education program or job assignment of the infected person. The Superintendent shall periodically review the case with the infected person (and the parent(s) of the student) and with the medical advisors described above.

If there is a secondary infection that constitutes a medically recognized risk of transmission in the school setting, the Superintendent shall consult with the physician, public health official and the infected person (and the parent(s) of the student). If necessary, they will develop an individually tailored plan for the student or staff member. Additional persons may be consulted, if this is essential for gaining additional information, with the consent of the infected staff member or the student's parent(s). The Superintendent should consult with the school attorney to make sure that any official action is consistent with State and Federal law. When the Superintendent makes a decision about the case, there shall be a fair and confidential process for appealing the decision.

If an individually tailored plan is necessary, it shall have a minimal impact on either education or employment. It must be medically, legally, educationally and ethically sound. The Superintendent periodically reviews individual cases and oversees implementation of the plan in accordance with local, State and Federal law.

Confidentiality

Information regarding a student or staff member infected with HIV is classified, by law, as confidential. Those individuals who have access to the proceedings, discussions or documents must treat such information as confidential. Only with the written consent of the staff member or the student's parent(s) shall other school personnel, individuals and agencies be informed of the situation/condition. All information pertaining to the case shall be kept by the Superintendent in a locked file; access to this file is granted only to those people who have the written consent of the infected staff member or the infected student's parent(s).

STAFF-STUDENT RELATIONS

The relationship between the District's staff and students must be one of cooperation, understanding and mutual respect. Staff members have a responsibility to provide an atmosphere conducive to learning and to motivate each student to perform to his/her capacity.

Staff members should strive to secure individual and group discipline, and should be treated with respect by students at all times. By the same token, staff members should extend to students the same respect and courtesy that they, as staff members, have a right to demand.

Although it is desired that staff members have a sincere interest in students as individuals, partiality and the appearance of impropriety must be avoided. Excessive informal and/or social involvement with students is prohibited. Such conduct is not compatible with professional ethics and, as such, will not be tolerated.

Staff members are expected to use good judgment in their relationships with students both inside and outside of the school context including, but not limited to, the following guidelines.

1. Staff members shall not make derogatory comments to students regarding the school, its staff and/or other students.
2. The exchange of purchased gifts between staff members and students is discouraged.
3. Staff-sponsored parties at which students are in attendance, unless they are a part of the school's extracurricular program and are properly supervised, are prohibited.
4. Staff members shall not fraternize, written or verbally, with students except on matters that pertain to school-related issues.
5. Staff members shall not associate with students at any time in any situation or activity which could be considered sexually suggestive or involve the presence or use of tobacco, alcohol or drugs.
6. Dating between staff members and students is prohibited.
7. Staff members shall not use insults or sarcasm against students as a method of forcing compliance with requirements or expectations.
8. Staff members shall maintain a reasonable standard of care for the supervision, control and protection of students commensurate with their assigned duties and responsibilities.
9. Staff members shall not send students on personal errands.

10. Staff members shall, pursuant to law and Board policy, immediately report any suspected signs of child abuse or neglect.
11. Staff members shall not attempt to counsel, assess, diagnose or treat a student's personal problem relating to sexual behavior, substance abuse, mental or physical health and/or family relationships but, instead, should refer the student to the appropriate individual or agency for assistance.
12. Staff members shall not disclose information concerning a student, other than directory information, to any person not authorized to receive such information. This includes, but is not limited to, information concerning assessments, ability scores, grades, behavior, mental or physical health and/or family background.

Social Networking Websites

1. District staff who have a presence on social networking websites are prohibited from posting data, documents, photographs or inappropriate information on any website that might result in a disruption of classroom activity. The Superintendent/designee has full discretion in determining when a disruption of classroom activity has occurred.
2. District staff is prohibited from providing personal social networking website passwords to students.
3. Fraternization between District staff and students via the Internet, personal e-mail accounts, personal social networking websites and other modes of virtual technology is also prohibited.
4. Access of personal social networking websites during school hours is prohibited.

Violation of the prohibitions listed above will result in staff and/or student discipline in accordance with State law, Board policies and regulations, the Staff and Student Codes of Conduct and handbooks and/or staff negotiated agreements. Nothing in this policy prohibits District staff and students from the use of education websites and/or use of social networking websites created for curricular, cocurricular or extracurricular purposes.

STAFF GIFTS AND SOLICITATIONS

Gifts

The Board authorizes the expenditure of public funds to purchase meals, refreshments and favors for employees and Board members in the completion of their responsibilities. The Board believes that such expenditures are necessary, on occasion, to further a public purpose in the general operation of the District. Such public purpose includes, but may not be limited to, employee development and recognition activities and certain routine meetings that may be enhanced by such amenities.

Such expenditures shall be consistent with the Board's purchasing policy and within the appropriation limits established by the Board.

Presentation of gifts to, and the arrangement of social affairs for, employees are governed by the following.

1. Each building principal appoints, or employees may volunteer for, a small social committee to plan social affairs such as teas and luncheons.
2. Any gifts to be presented to employees by their respective groups are at the discretion of the group involved.

Travel Vendor Compensation

Any compensation paid by a private travel vendor to a District official or employee, after the official or employee has participated in selecting the vendor to provide a field trip, is considered "public money" and must be returned to the District.

All travel arrangements must be in compliance with District field trip regulations and approved by the Superintendent or his/her designee.

Solicitations

The Superintendent or his/her designee annually approves all solicitations which are to be permitted in the schools. No organization may solicit funds of staff members in the schools, nor may anyone distribute flyers or other materials related to fund drives through the schools, without the prior approval of the Superintendent or his/her designee.

SMOKING ON DISTRICT PROPERTY BY STAFF MEMBERS

The Board is dedicated to providing a healthy, comfortable and productive environment for its staff, students and citizens. Health professionals have determined that smoking poses health hazards not only for the smoker, but for the nonsmoker as well.

Recognizing these health issues, the Board prohibits smoking in all District-owned, leased or contracted buildings and student transportation vehicles where routine or regular preschool, kindergarten, elementary, secondary or library services are offered to children.

The Board directs the Superintendent to educate all staff members concerning the mandate of this policy, as well as to implement, as appropriate, educational programming concerning smoking and, if needed, resources available to those who wish to discontinue their smoking habit.

A notice to this effect is posted at the entrance to all school buildings.

Employees will be notified whenever personal information concerning them is placed in their files.
3. State law requires that all public records be promptly prepared and made available for inspection to any member of the general public at all reasonable times during regular business hours. Upon request, the person directly responsible for the personnel records is required to make copies available at cost within a reasonable period of time.
4. The public has access to all records in the personnel file with the following exceptions:
 - A. medical records;
 - B. records pertaining to adoption, probation or parole proceedings;
 - C. trial preparation records;
 - D. confidential law enforcement investigatory records;
 - E. Social Security number and
 - F. records of which the release is prohibited by State or Federal law.

Additional exceptions are listed in Ohio Revised Code Section 149.43.

5. The District is required to keep reports of investigations of *teacher employee* misconduct in the employee's personnel file, unless *ODE the State Superintendent of Public Instruction or his/her designee* determines that the report does not warrant taking action against the *teacher employee*.

6. Each employee has the right, upon written request, to review the contents of his/her own personnel file. If a document is not disclosed to the employee because it is determined by a physician, psychiatrist or psychologist to be likely to have an adverse effect upon the employee, the document will be released to the designated medical authority. Requests are made to the Superintendent and scheduled for a time convenient for the parties involved.
7. Employees may make written objections to any information contained in the file. Any written objection must be signed by the staff member and becomes part of the employee's personnel file after the appeal procedure outlined in the Ohio Revised Code. The appeal procedure permits any employee who disputes the accuracy, relevance, timeliness or completeness of information maintained in his/her file to compel the District to investigate the current status of the information.
8. Personnel records should be reviewed only within the confines of the Superintendent's office or the Board's office.

EXTENDED GROUP HEALTH COVERAGE

The Consolidated Omnibus Budget Reconciliation Act (COBRA) provides for certain employees of the District and their dependents to be allowed to purchase extended group health insurance coverage for a limited period of time following their cessation of employment with the District. The Board contracts with a plan administrator who coordinates the program and provides the notices which are necessary.

1. Initial Notices

- A. The plan administrator must give a written notice describing the extended coverage rights to all employees and spouses covered by the group health insurance plan.
- B. The plan administrator must give a written notice describing extended coverage rights to each newly covered employee and spouse at the time their group health plan coverage begins. If a covered employee marries following the effective date of this policy, it is the employee's responsibility to inform the Board. The Board informs the plan administrator, who is then responsible for providing the new spouse with the proper notice.

2. Notices Related to Event Triggering Continuation Coverage and Election by Beneficiaries

- A. The Board is responsible for notifying the plan administrator, within 30 days, of the death, separation of employment or reduction of hours (leading to less coverage) of an employee and of an employee's entitlement to Medicare benefits.
- B. The employee or beneficiary is responsible for notifying the plan administrator of the divorce or legal separation of the employee and spouse and of the termination of eligibility of a dependent child.
- C. The plan administrator must notify the affected employee and dependents of their extended coverage rights within 14 days after the plan administrator is notified of the event which could lead to loss of coverage.
- D. The employee or dependent is given a period of 60 days after this notice is given in order to elect the extended coverage and to present payment of any applicable premium costs back to the cessation of coverage.

3. Employees' and Dependents' Rights Upon Loss of Coverage

- A. The extended coverage offered to eligible employees and their dependents is the same coverage as that provided under the current group plan to "similarly situated" individuals who remain eligible for regular (i.e., nonextended) coverage.

- B. If an employee incurs a termination of employment, whether voluntary or involuntary (other than for "gross misconduct"), or a reduction of hours which results in loss of coverage, he/she will be offered the extended coverage (including extended coverage for dependents who would otherwise lose existing coverage) for up to 18 months.
- C. If an employee's spouse or children who are covered as dependents under the group health plan would lose coverage because of the death of the employee, divorce, legal separation or the employee's becoming eligible for Medicare, the spouse and children will be offered the extended coverage for up to 36 months.
- D. If an employee's dependent child who is covered by the group health plan ceases to be a dependent child under the terms of the plan and thereby loses coverage, the child must be offered extended coverage for up to 36 months.

4. Early Retirement of Coverage

Extended coverage elected by an eligible employee or dependent is terminated before the expiration of the relevant 18- or 36-month period if the covered individual:

- A. becomes covered by another employer-sponsored group health plan as a result of employment, re-employment or remarriage;
- B. becomes covered by Medicare or
- C. fails to pay for the coverage.

5. Cost of Coverage to the Employee and/or Dependents

- A. Eligible individuals who elect extended coverage can be charged 102% of the cost of the extended coverage. The cost of the extended coverage is the cost for the same period of coverage for similarly situated employees or dependents who remain eligible for regular coverage.
- B. The health care coverage to which this policy applies includes major medical, hospitalization, surgical and dental insurance but does not include life insurance.

VERIFICATION OF EMPLOYMENT ELIGIBILITY

The Board complies with all aspects of the Immigration Reform and Control Act. The Board delegates to the Superintendent the responsibility of establishing procedures to ensure compliance with this act.

Federal law requires that all employers and employees hired after November 6, 1986, complete an Employment Eligibility Verification Form (Form I-9) provided by the U.S. Citizenship and Immigration Services. All such employees must provide documents which establish both identity and employment eligibility in order for Form I-9 to be completed and signed by both the employee and the appropriate District official.

The Employment Eligibility Verification Form (Form I-9) must be retained for three years or for one year past the end of the employment of an individual, whichever is longer. Such forms must be made available for inspection to Citizenship and Immigration Services (USCIS) or Department of Labor (DOL) officer upon request.

DRUG-FREE WORKPLACE

The Board endeavors to provide a safe workplace for all employees realizing that the use/abuse of drugs and alcohol can endanger the health, safety and well-being of the nonuser as well as the user.

Because of the Board's commitment to provide a safe workplace, no employee shall unlawfully manufacture, distribute, dispense, possess or use any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcohol or any other controlled substance, as defined in State and Federal law, in the workplace.

"Workplace" is the site for the performance of any work done in connection with the District. The workplace includes any District building, property, vehicle or Board-approved vehicle used to transport students to and from school or school activities (at other sites off District property) or any school-sponsored or District activity, event or function, such as a field trip or athletic event in which students are under the jurisdiction of District authorities.

CRIMINAL RECORD CHECK

The Board shall request from the Superintendent of the Bureau of Criminal Identification and Investigation (BCII) criminal record checks of candidates under final consideration for employment or appointment in the District. The BCII criminal record checks include information from the Federal Bureau of Investigation (FBI).

The Board may employ persons on the condition that the candidate submit to and pass a BCII criminal record check in accordance with State law. **Any person conditionally hired who fails to pass a BCII criminal background records check is released from employment.**

Applicants are given a separate written statement informing them that the Board uses a criminal record check as part of the initial hiring process and at various times during the employment career. This notice must be on a separate document which contains only this notice. The applicant's written authorization to obtain the criminal record check will be obtained prior to obtaining the criminal record check.

Prior to taking an adverse action against an applicant or employee (such as declining to employ, reassigning an employee, denying a promotion, suspension, nonrenewal or termination) based in whole or in part on a criminal record check, the applicant or employee will be given a written pre-adverse action disclosure statement which includes a copy of the criminal record check and the Federal Trade Commission's notice entitled "A Summary of Your Rights Under the Fair Credit Reporting Act."

After taking an adverse action, the applicant or employee is given a written adverse action notice which includes the name, address and telephone number of the BCII, a statement that the BCII did not make the decision to take the adverse action and cannot give specific reasons for it, the individual's right to dispute the accuracy or completeness of any information furnished by the BCII and the individual's right to an additional free criminal record check from the BCII upon request within 60 days. *Any person conditionally hired who fails to pass a BCII criminal background check shall be released from employment.*

An applicant for employment may provide a certified copy of a BCII criminal *background records* check to the District in compliance with State law. The District may accept this background check in place of its own *background records* check if the date of acceptance by the District is within one year after the date of issuance by the BCII.

State law requires subsequent criminal records checks every five years for all school employees except bus drivers. For currently employed bus drivers, a new report is required every six years.

Any and all information obtained by the Board or persons under this policy is confidential and shall not be released or disseminated. Criminal records checks are not public records for purposes of the Public Records Law. Any applicant not hired because of information received from the record check shall be assured that all records pertaining to such information are destroyed.

Volunteers

Current and prospective volunteers who have or will have unsupervised access to children on a regular basis may, at any time, be subject to a criminal record check.

The District notifies current and prospective volunteers who have or will have unsupervised access to students on a regular basis that a criminal records check may be conducted at any time.

Contractors

Criminal records checks are required for contractors who meet the following four criteria: (1) the contractor is an employee of a private company under contract with the District to provide "essential school services"; (2) the contractor works in a position involving routine interaction with a child or regular responsibility for the care, custody or control of a child; (3) the contractor is not licensed by ODE and (4) the contractor is not a bus driver.

Note: School districts must initiate the five-year cycle by requesting criminal records checks by September 5, 2008. State law identifies a number of individuals to submit to criminal record

checks for initial and renewal of licenses, certificates or permits; and every five years if holding an eight-year professional teaching certificate or permanent teaching certificate. These individuals are persons with professional educator licenses, teachers' certificates, educational aid permits, educational paraprofessional licenses, conditional teaching permits for those seeking alternative educator licenses, intervention specialist, treasurers, business managers and those with pupil activity program permits who do not have valid educator licenses, certificates or permits.

With respect to contractors, "essential school services" are those services which are provided by a private company under a contract with the district that the district's superintendent has determined are necessary for the operation of the district and that would need to be provided by employees of the district if the services were not provided by the private company.

If a contractor meets the definition and is covered by State law, the district may not allow that contractor to work in the district unless the contractor's employer provides documentation of a criminal records check or the district adopts certain safety measures to safeguard students. The contractor's employer may provide proof that the person has (1) been subject to a criminal records check in the five years prior to the date for the proposed work and (2) the criminal records check indicates they have not been convicted of or pleaded guilty to any offense listed in ORC 3319.39(b)(1). Instead of a criminal records check for a contractor who meets the definitions above, the district may require an employee of the district to be present in the same room with the child or within a 30-yard radius of the child if they are outside.

FAMILY AND MEDICAL LEAVE

The Board provides leave to eligible employees consistent with the Family and Medical Leave Act of 1993 (FMLA). Eligible employees are entitled to up to 12 work weeks (or 26 work weeks to care for a covered service member) of unpaid family and medical leave in any 12-month period. The Board continues to pay the District's share of the employee's health benefits during the leave. In addition, the District restores the employee to the same or a similar position after the termination of the leave in accordance with Board policy.

In complying with the FMLA, the District adheres to the requirements of applicable State and Federal law.

Additional information is contained in the regulations which follow this policy.

FAMILY AND MEDICAL LEAVE

An employee who has worked for the District for at least 12 months is eligible for 12 work-weeks of FMLA leave during a 12-month period (July 1 – June 30) provided the employee worked at least 1,250 hours in the 12 months preceding the beginning of the leave. An employee may be eligible for 26 work weeks of FMLA leave during a 12-month period to care for a covered service member with a serious injury or illness.

Types of Leave

An eligible employee may take FMLA leave for the following purposes:

1. birth and care of a newborn child;
2. placement with an employee of a son or daughter for adoption or foster care;
3. care for a spouse, child, parent with a serious health condition. An employee may not take FMLA leave to care for a parent-in-law;
4. recovery from a serious health condition that keeps the employee from performing the essential functions of his/her job;
5. to respond to a “qualifying exigency” that arises because a spouse, child or parent is on covered active duty or has been called to covered active duty as a member of the Armed Forces or
6. to care for a spouse, child, parent or next of kin who is or was a member of the Armed Forces and who is currently undergoing medical treatment, recuperation or therapy for either a serious illness or injury that was incurred in the line of duty or for a serious illness or injury that existed before the beginning of active duty and was aggravated by service in the line of duty. In order to be eligible, veterans must have been members of the Armed Forces within five years of receiving such treatment.

An employee may elect, or the Board may require an employee, to use accrued paid vacation, personal or sick leave for purposes of a family leave. An employer cannot compel an employee to use accrued medical/sick leave in any situation for which the leave could not normally be used.

Spouses Employed by the District

If a husband and wife eligible for leave are employed by the District, their combined amount of

leave for birth, adoption, foster care placement and parental illness may be limited to 12 weeks.

If a husband and wife eligible for leave are employed by the District, their combined amount of leave to care for a covered service member is limited to 26 weeks.

Intermittent and Reduced Leave

Intermittent leave is leave taken in separate blocks of time due to a single illness or injury.

Reduced leave is a leave schedule that reduces the employee's usual number of hours per work-week or hours per workday.

Intermittent or reduced leave is available for the employee's own serious health condition; to care for a seriously ill spouse, child or parent; to care for a covered servicemember's serious injury or illness or for leave taken due to a qualifying exigency. Such leave may be used for the birth or adoption/placement of a child on if the board agrees.

If an employee needs to leave intermittently or on a reduced leave schedule for planned medical treatment, the employee must make a reasonable effort to schedule the treatment so as not to unduly disrupt the employer's operations.

The Board may provide such leave for medical purposes, but the Superintendent may transfer the employee to a position which is equivalent, but more suitable for intermittent periods of leave. The employee must furnish the Board with the expected dates of the planned medical treatment and the duration of the treatment. The Superintendent must authorize such leave in writing.

Benefits

The Board maintains the employee's health coverage under the group health insurance plan during the period of FMLA leave. Prior to the beginning of the FMLA leave, the employee should make arrangements with the Treasurer to pay the employee's share of health insurance (e.g., family coverage).

The employee will not lose any other employment benefit accrued prior to the date on which leave began but is not entitled to accrue seniority or employment benefits during the unpaid leave period. Employment benefits could include group life insurance, sick leave, annual leave, educational benefits and pensions.

Notice

When the FMLA leave is foreseeable, the employee must notify the Superintendent of his/her

request for leave at least 30 days prior to the date when the leave is to begin. If the leave is not foreseeable, the employee must give notice as early as is practical. When the employee requests pre-scheduled medical leave, the employee must make reasonable attempts to schedule treatment so as not to disrupt the District's operations.

The Board may deny the leave if the employee does not meet the notice requirements.

Certification

The Board may require the employee to provide certification from a health care provider containing specific information required under the law if he/she requests a medical leave. If there is a question concerning the validity of such certification, a second and, if necessary, a third opinion can be required, both at the expense of the District.

Upon the employee's return to work, the Board requires that the employee present a fitness statement from the employee's health care provider certifying that the employee is able to return to work.

Restoration

When the employee returns from the leave, the Board restores the employee to the same or an equivalent position with equivalent benefits, pay, terms and conditions of employment in accordance with Board policy.

Under certain circumstances, the Board may deny restoration to a key employee. The Board complies with the notice requirements of the FMLA in denying restoration. A key employee is one who is among the highest paid 10% of the employees and whose absence would cause the District to experience a substantial and grievous economic injury.

Instructional Employees

Special leave rules apply to instructional employees. Instructional employees are those whose principal function is to teach and instruct students in a small group or in individual setting. This term includes teachers, athletic coaches, driving instructors and special education assistants such as signers for the hearing impaired. It does not include teacher assistants or aides who do not have as their principal job actual teaching or instructing, nor does it include auxiliary personnel such as counselors, psychologists or curriculum specialists. It also does not include cafeteria workers, maintenance workers or bus drivers.

Limitations apply to instructional employees who take intermittent or reduced leave. If the leave requested is:

1. to care for a family member, to care for a covered servicemember or for the employee's own serious health condition;
2. foreseeable based on planned medical treatment and
3. the employee would be on leave for more than 20% of the total number of working days over the period the leave would extend.

The Board then may require the employee to choose either to:

1. take the leave for a period or periods of a particular duration, not greater than the planned treatment or
2. transfer temporarily to an available alternative position for which the employee is qualified, which has equivalent pay and benefits and which better accommodates recurring periods of leave than does the employee's regular position.

The following limitations also apply to instructional employees who take leave near the end of a semester for purposes other than the employee's own serious health condition.

1. When an instructional employee begins leave more than five weeks before the end of a semester, the Board may require the employee to continue taking leave until the end of the semester if the leave will last at least three weeks and the employee would return to work during the three-week period before the end of the semester.
2. When an instructional employee begins leave less than five weeks before the end of a semester, the Board may require the employee to continue taking leave until the end of the semester if the leave will last more than two weeks and the employee would return to work during the two-week period before the end of the semester
3. When an instructional employee begins leave less than three weeks before the end of a semester and the leave lasts more than five working days, the Board may require the employee to continue taking leave until the end of the semester.

In all cases, only the period of leave until the employee is ready and able to return to work shall be charged against the employee's FMLS leave entitlement. Any additional leave required by the Board is not counted as FMLA leave. However, the Board is required to maintain the employee's group health insurance and restore the employee to the same or equivalent job upon the conclusion of the leave.

Failure to Return

The Board is entitled to recover health care premiums paid during the leave if the employee fails to return from leave. Recovery cannot occur if the employee fails to return because of the continuation, recurrence or onset of a serious health condition or due to circumstances beyond the control of the employee.

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY (HIPAA)

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) grants individuals the right to receive notice of the uses and disclosures of their protected health information that may be made by the District, and sets forth the individual's rights and the District's legal obligations with respect to protected health information. The purpose of this policy is to assist the District in complying with the HIPAA privacy standards, to ensure that individuals receive adequate notice of the District's practices with regard to the dissemination and use of protected health information, and to protect the confidentiality and integrity of protected health information.

Confidentiality of Individually Identifiable Health Information

All officers, employees and agents of the District must preserve the confidentiality and integrity of individually identifiable health information pertaining to any individual. Individually identifiable health information is protected health information and shall be safeguarded to the extent possible in compliance with the requirements of the security and privacy rules and standards established by the HIPAA.

The District and its employees will not use or disclose an individual's protected health information for any purpose without the properly documented consent or authorization of the individual or his/her authorized representative unless required or authorized to do so under State or Federal law or this policy, unless an emergency exists or unless the information has been sufficiently de-identified that the recipient of the information would be unable to link the information to a specific individual.

The District will not tolerate any violation of the HIPAA privacy or security standards or this policy. Any such violation constitutes grounds for disciplinary action, up to and including termination of employment.

Any employee of the District who believes that there has been a breach of these privacy and security policies and procedures or a breach of the integrity or confidentiality of any person's protected health information shall immediately report such breach to his/her immediate supervisor or the Board-appointed privacy/security officer. CERTIFIED STAFF POSITIONS

All certified staff positions are created only with the approval of the Board. It is the Board's intent to maintain a sufficient number of positions to accomplish its goals and objectives.

Before any new position is established, the Superintendent presents a job description for the position for the Board's approval.

Although a position may remain temporarily vacant or the number of persons holding the same type of position may be reduced in the event of staff reductions, only the Board may abolish a position which it has created.

The Superintendent keeps all job descriptions current and presents recommended changes to the Board for approval.

CERTIFIED STAFF CONTRACTS AND COMPENSATION PLANS (Administrators)

Fair compensation plans are necessary in order to attract and hold highly qualified administrators to provide and manage a quality educational program.

The Board may establish a salary schedule for its administrators, with the exception that the salary of the Superintendent is usually determined by the employee contract. Notice of annual salary is given to each administrator by July 1.

All administrators shall be issued written limited contracts. The contract specifies the administrative position and duties, the salary and other compensation to be paid for performance of such duties, the number of days to be worked, the number of days of vacation leave and any paid holidays in the contractual year.

The term of the administrator's contract will not exceed three years, except that an individual who has been employed as an administrator for three years or more shall be entitled to receive a contract of not fewer than two nor more than five years. The Superintendent may recommend employment of an individual who has served as an administrator in the District for three years or more under a one-year administrative contract once during such individual's administrative career in the District.

An administrator who has earned teacher tenure in the District retains such status while serving as administrator. Any administrator who previously obtained teacher tenure in another district achieves teacher tenure in the District after re-employment with two or more years' experience as an administrator in the District.

The Superintendent's recommendation is considered in all contract renewals. All administrators are evaluated annually. In the year an administrator's contract does not expire, the evaluation is completed by July 31 and a copy is given to the administrator. In the year an administrator's contract does expire, two evaluations are completed: one preliminary and one final. The preliminary evaluation is conducted at least 60 days prior to March 31 and prior to any Board action on the employee's contract.

The final evaluation includes the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract. If the Board fails to take action on the expiring contract, then the administrator is renewed. If the administrator has been in the District for two years or less, he/she will receive a one-year contract. If the administrator has been in the District three years or more, he/she will receive a two-year contract.

Before March 31, any administrator whose contract expires at the end of the school year is notified by the Board of the date on which the contract expires and of the individual's right to request a meeting with the Board in executive session to discuss the reasons for considering renewal or nonrenewal of his/her contract. Also prior to March 31 of the year in which the contract of employment expires, any administrator whom the Board intends to nonrenew receives written notification of the Board's intent not to re-employ.

The Board may request a one-year temporary educator license valid for employing a superintendent or any other administrator, conforming with State law.

2. holds at least a baccalaureate degree from an accredited institution of higher education in a field related to finance or administration or has five years of recent work experience in education, management or administration.

Placement on the salary schedule is in accordance with regulations developed by the administration and approved by the Board and the placement is in compliance with the Negotiated Agreement.

Retired administrators who are subsequently employed by the Board are granted credit on the salary schedule as determined by the Board on a case-by-case basis.

PROFESSIONAL STAFF SUPPLEMENTAL CONTRACTS

Certain positions assigned to professional staff members may require extra responsibility or extra time beyond that required of all professional staff members. When the Board and administration determine the need, qualified staff selected for such positions are provided supplemental contracts and additional compensation.

The Board approves the positions and the compensation for these assignments. Supplemental contracts for such assignments are awarded by the Board upon the recommendation of the Superintendent.

Supplemental contracts expire automatically at the end of their terms, with or without Board action.

The Board directs the Superintendent/designee to identify supplemental contract positions that supervise, direct or coach a student activity programs which involve athletic, routine/regular physical activity or have health and safety considerations. CERTIFIED STAFF RECRUITING

Because the quality of the staff hired by the Board is the major component of an effective, productive educational program, the Board and the administration of the District make efforts to attract and retain qualified personnel.

The Board expects the Superintendent, with the assistance of the administrative staff, to determine the personnel needs of the District and the individual schools and to recruit the best qualified candidates to recommend for employment.

Recruitment procedures include posting all openings so that the talents and potential of individuals already employed by the school system are not overlooked. Any current employee may apply for any position for which he/she has certification and meets other stated requirements. All candidates shall be considered on the basis of their merits, qualifications and the needs of the District.

The appropriate building administrator is expected to be involved in recruiting and interviewing. The Superintendent's recommendation reflects, although not necessarily concurs with, that administrator's appraisal of the candidate's qualifications.

CERTIFIED STAFF HIRING

The Superintendent determines the District's personnel needs and recommends to the Board qualified candidates for employment. Through recruiting and evaluation procedures, the Superintendent recruits and recommends to the Board the employment and retention of personnel.

It is the duty of the Superintendent to see that persons nominated for employment in the schools meet all certification/licensure requirements and the requirements of the Board for the type of position for which the nomination is made.

The following guidelines are used in the selection of personnel.

1. There is no unlawful discrimination in the hiring process.
2. The quality of instruction is enhanced by a staff with widely varied backgrounds, educational preparation and previous experience. Concerted efforts are made to maintain a variation in the staff.
3. Interviewing and selection procedures ensure that the administrator who is directly responsible for the work of a staff member has an opportunity to aid in the selection process. The final recommendation to the Board is made by the Superintendent.
4. No candidate is hired without an interview and a criminal record check.
5. All candidates are considered on the basis of their merits, qualifications and the needs of the District. In each instance, the Superintendent and others having a role in the selection process seek to recommend the best qualified applicant for the job.

While the Board may accept or reject a nomination, an appointment is valid only if made with the recommendation of the Superintendent. In the case of a rejection, it is the duty of the Superintendent to make another nomination.

Employment of Retired Administrators

The Board recognizes that recruiting and retaining highly qualified administrative personnel has become increasingly difficult in Ohio's competitive marketplace. Therefore the Board will, under appropriate circumstances, offer to enter into administrative employment agreements with qualified retired administrators whenever practical and when such action appears to be in the best interests of the District. Retired administrators may be employed as administrators on a part-time or full-time basis.

For purposes of this policy, a "retired administrator" is an individual who has retired pursuant to STRS or SERS rules and regulations.

The Board authorizes and directs the Superintendent to develop administrative regulations to implement this policy at the soonest practicable time.

Rehiring of Retirees

If an employee is retiring and seeks re-employment in the same position, then public notice must be given 60 days prior to the date re-employment is to begin. The notice must state that the person is or will be retired and is seeking re-employment in the District. The notice must include the time, date and location of a public meeting, which must take place 15 to 30 days prior to employment.

Candidates selected are recommended to the Board for placement on the list of approved substitutes. CERTIFIED STAFF ASSIGNMENTS AND TRANSFERS

The assignment and transfer of teachers is the responsibility of the Superintendent. Each teacher is assigned to a specific area and may be transferred to any other position for which he/she is qualified. Transfers may be requested by administrators, supervisors or teachers. The Superintendent may initiate a transfer whenever he/she believes it is in the best interest of the District.

A request for transfer does not guarantee that such a transfer will be made. Teachers are encouraged to discuss transfers or their intention to request transfer with the principal or other appropriate supervisor.

Assignment to Nonpublic Schools

Teachers employed by the Board and assigned to nonpublic schools are considered as employees in all respects.

Such teachers will fulfill all requirements established for any other teacher assigned to serve within the District. Such teachers may be re-assigned to serve in any other assignment, either in the public schools or in nonpublic schools, as long as they are qualified to perform such duties.

Supervision of the performance of teachers assigned to nonpublic schools is the responsibility of the Superintendent.

EVALUATION OF CERTIFIED STAFF
(Administrators Both Certified and Classified)

The Superintendent institutes and maintains a comprehensive program for the evaluation of administrative personnel. Administrative personnel are all persons issued contracts in accordance with the Ohio Revised Code, including the following: assistant superintendents, business managers, principals, assistant principals and all other personnel required to maintain certificates/licenses in order to be employed as pupil-personnel workers and educational administrative specialists (provided that such person spends less than 50% of his/her time teaching or working with students) and any other employee whose duties enable him/her to be considered either a "supervisor" or "management-level employee" excluded from all of the employee bargaining units. In addition, evaluations should assist administrators in developing their professional abilities in order to increase the effectiveness of District management.

The purpose of administrator evaluations is to assess the performance of administrators, to provide information upon which to base employment and personnel decisions and to comply with the requirements of State law. All administrators are evaluated annually. In the year an administrator's contract does not expire, the evaluation is completed by the end of the contract year, and a copy is given to the administrator. In the year an administrator's contract does expire, two evaluations are completed, one preliminary and one final. The preliminary evaluation is conducted at least 60 days prior to March 31 and prior to any Board action on the employee's contract. Evaluations are considered by the Board in determining whether to re-employ administrators.

The final evaluation includes the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract. The employee may request a meeting with the Board prior to any Board action on his/her contract. The employee may have a representative of his/her choice at the meeting.

The evaluation measures the administrator's effectiveness in performing the duties included in his/her written job description and the specific objectives and plans developed in consultation with the Superintendent. The evaluations are conducted annually by the Superintendent/designee.

Evaluation criteria for each position are in written form and are made available to the administrator. The results of the evaluations are kept in personnel records maintained in the central office. The evaluated administrator has the right to attach a memorandum to the written evaluation. Evaluation documents, as well as information relating thereto, are accessible to each evaluatee and/or his/her representative.

EVALUATION OF CERTIFIED STAFF
(Administrators Both Certified and Classified)

To assist administrators in the development of their professional abilities, to provide information for employment decisions and to comply with mandates of State law, the following procedures are employed by the Superintendent/designee in evaluating administrative personnel.

1. An initial meeting is held by the Superintendent prior to the school year with the assistant superintendents and administrators to discuss specific measurable objectives and plans for their achievement. A statement of these objectives and plans is submitted by each administrator to the Superintendent/designee at a time specified. These objectives and plans are written and maintained in each administrator's personnel file.
2. The evaluator employs the evaluation criteria which are designed to measure the administrator's effectiveness in performing the duties set forth in his/her written job description. All administrators will be evaluated prior to the end of their contract year. The evaluator will also assess the administrator's progress in meeting plans and objectives set for that school year. Areas of outstanding, satisfactory and poor performance will be noted. The Superintendent/designee will meet with each administrator to discuss the written evaluation. The evaluatee is given a copy of the evaluation and has an opportunity to discuss it with the evaluator at this second meeting.
3. An ongoing dialogue concerning the administrator's objectives will continue and the evaluator and evaluatee will meet as needed or requested.
4. For those employees whose contracts are expiring at the end of the current school year, two evaluations must be completed. A preliminary evaluation must be received by the employee at least 60 days prior to any Board action on the employee's contract. A final evaluation must include the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract.
5. The employee may request a meeting with the Board prior to any Board action on his/her contract. The employee may have a representative of his/her choice at the meeting.
6. Assistant superintendents, business managers, principals, assistant principals and other administrators are automatically re-employed if they are not evaluated according to State law or provided a meeting, if requested, to discuss their renewal or nonrenewal.
7. All evaluation criteria, procedures and written job descriptions are reviewed annually by the Superintendent/designee and revised as necessary.

CONTRACT REF.: Teachers' Negotiated Agreement

NOTE: Although the RIF procedures for teachers are typically stated in negotiated agreements, State law gives boards of education the authority to RIF teachers for financial reasons, unless specifically prohibited by negotiated agreements ratified prior to September 29, 2005. After this date, State law supersedes the RIF provisions in the negotiated agreements.

REDUCTION IN PROFESSIONAL STAFF WORKFORCE
(Administrators Both Professional and Support)

When the Board determines that it is necessary to reduce the number of administrative staff positions, the following procedures shall apply.

1. To the extent possible, the number of administrators affected by a reduction in force will be minimized by not employing replacements or who retire, resign or whose contracts are not renewed for reasons other than reduction in force.
2. Reductions needed beyond those resulting from attrition are made by suspending or nonrenewing contracts. Those contracts to be suspended are chosen as follows:
 - A. All administrators are placed on a seniority list. Seniority is defined as the length of continuous service in the District. Seniority is not interrupted by authorized leaves of absence.
 - B. Reductions shall be made with preference being given first to administrators with seniority.
 - C. If two or more administrators have the same length of service, seniority will be determined by:
 - 1) the date of the Board meeting at which the administrator was hired;
 - 2) next, by the date on which the administrator signed his/her initial contract in the District (in the event two or more staff members were hired on the same date) and
 - 3) then, the date on which the administrator submitted the first completed job application within the two-year period preceding the effective date of the administrator's first contract with the Board.

If a tie remains after steps 1, 2 and 3, the Superintendent decides which contract is suspended.

3. The names of administrators whose contracts are suspended in a reduction-in-force action are placed on a recall list for up to 12 months from the date of the reduction. Administrators on the recall list have the following rights.
 - A. No new administrator will be employed by the Board while there are administrators on the recall list who are certificated/licensed to fill the vacancy.

- B. Administrators on the recall list are recalled in order of seniority for vacancies in areas for which they are certificated/licensed.
- C. If a vacancy occurs, the Board will send an announcement via certified mail to the first known address of all administrators on the recall list who are qualified according to these provisions. It is the administrator's responsibility to keep the Board informed of her/his current address. All administrators are required to respond in writing to the District office within seven calendar days. The most senior of those responding is offered the vacant position. Any administrator who fails to accept the position within seven calendar days forfeits all recall rights.
- D. An administrator on the recall list, upon acceptance of the notification to resume active employment status, returns to active employment status with the same seniority, accumulation of sick leave and salary schedule placement as he/she held at the time of layoff. An administrator on the recall list who is unemployed and does not otherwise have group insurance coverage available may continue to participate for up to 18 months in those benefits which are provided to administrators in active employment, provided that the administrator pays 102% for such benefits.

SEVERANCE PAY

At the time of retirement from the District, a severance amount calculated by a prescribed formula applied to the employee's unused sick leave and daily rate of pay at the time of retirement from the District is granted to certified staff employees in compliance with State law. Upon payment of severance pay, the retiring employee's sick leave accumulation is reduced to zero.

Administrators and/or teachers who have retired under the rules of the State Teachers Retirement System are not eligible for severance pay based upon a subsequent retirement.

B.) Superseverance: Any member who becomes eligible for retirement through STRS by obtaining any one of the eligibility categories listed below will receive severance pay from the Board in an amount equal to 50% (maximum of 100 days) of his/her unused accumulated sick leave, as per the negotiated agreement provided the employee retires at the end of the school year in which the member first becomes eligible to retire. Eligibility categories are as follows:

2.) Superseverance Limitation: A member must take advantage of this plan when he/she first meets any of the criteria for retirement eligibility set forth in the negotiated agreement or he/she will forfeit the right to this retirement program forever.

3.) Payment of Superseverance: Payment under this plan will be made in a lump sum at the time of retirement. At least thirty days prior to payment of superseverance, the district shall provide the employee with a list of Board approved 403(B) and 457 providers and the opportunity to roll their superseverance payment into one of the accounts.

SUSPENSION AND TERMINATION OF CERTIFIED STAFF MEMBERS

Suspension

The Board may suspend a certified staff member pending final action to terminate his/her contract if, in its judgment, the character of the charges warrants such action.

Termination

The contract of a certified staff member may be terminated for gross inefficiency or immorality, for willful and persistent violations of reasonable regulations of the Board or for other good and just cause. Before terminating any contract, the Board furnishes the certified staff member with a written notice signed by the Treasurer of its intention to consider termination of his/her contract and specification of the grounds for such consideration. The Board informs the certified staff member of his/her right to request a hearing by the Board or by an independent referee. At such a hearing, both parties may be represented by counsel and present and cross-examine witnesses. A stenographic record of the proceedings is made. After the hearing, the Board makes its determination by majority vote. Any order of termination of a contract states the grounds for termination.

If the suspension or termination is based in whole or in part on the results of a consumer report (as that term is used in the Fair Credit Reporting Act), the Board furnishes the certified staff member with pre-adverse action and adverse action notices required by the Fair Credit Reporting Act.

Teachers may be suspended or terminated only under the terms of the collective bargaining agreement and/or State law.

TUTORING FOR PAY

No teacher may receive payment from parents/guardians for tutoring a student who is a member of his/her class. Tutorial assistance to students is considered a normal responsibility of the teacher, except in extenuating circumstances.

A teacher may tutor other students on school premises for pay only in accordance with the following conditions.

1. Tutoring is done after the teacher's regular school day, unless special exceptions are approved by the Superintendent.
2. Tutoring in the school must have the approval of the principal and must be in accordance with District requirements and guidelines for community use of school facilities.

CLASSIFIED STAFF POSITIONS

All classified staff positions are created only with the approval of the Board. It is the Board's intent to maintain a sufficient number of positions to accomplish its goals and objectives.

Before any new position is established, the Superintendent presents for the Board's approval a job description for the position.

Although positions may remain temporarily vacant, or the number of persons holding the same type of position may be reduced in the event of required staff reduction, only the Board abolishes a position which it has created.

The Superintendent keeps all job descriptions current and presents recommended changes to the Board for approval.

CLASSIFIED STAFF CONTRACTS AND COMPENSATION PLANS

Contracts

All newly hired, regular classified staff employees, including regular hourly rate and per diem employees, enter into written contracts for their employment, which are for a period of not more than one year. If such employees are rehired at the end of their first contracts, their subsequent contracts are for periods of two years. (Mid-year hires receive contracts in accordance with the provisions of the Negotiated Agreement.)

If the contract of an employee is renewed, after the expiration of the two-year contract, the employee receives a continuing contract. The salary provided in the contract may be increased but not reduced unless such reduction is a part of a uniform plan affecting the classified staff employees of the entire District.

Compensation Plans

In determining and developing salary schedules for classified staff other than administrators, the Board considers the responsibilities of the position, the qualifications needed, past experience of the individual and years of service credit.

Salaries for classified staff are reviewed and established annually by the Board upon the recommendation of the Superintendent.

In compliance with State law, employees are notified in writing by July 1 of their salary for the following school year.

CLASSIFIED STAFF SALARY SCHEDULES

The Board develops salary schedules which:

1. adequately provide for the retention of those classified staff employees who are rendering satisfactory and efficient service in the school system and
2. provide employees with a financial projection by indicating the salary which may be provided by a salary schedule.

Such schedules take into account the qualifications required, the responsibilities of the position and work experience.

An employee must serve two-thirds of his/her particular workyear in order to qualify for the yearly increment on a salary schedule.

In compliance with law, employees are notified in writing by July 1 of their salaries for the ensuing year.

SUPPORT STAFF PUPIL ACTIVITY CONTRACTS

The Board believes that a varied cocurricular program adds depth and richness to the academic program, teaching skills and life lessons not easily learned in the classroom. The Board also recognizes the importance of positive adult leadership in pupil activity programs.

Nonlicensed/Noncertificated staff members may be awarded pupil activity contracts. Compensation for the position is at the same Board-approved rate as that paid to licensed individuals.

Any nonlicensed/noncertificated staff member desiring to accept a pupil activity contract must hold a valid pupil activity permit issued under rules adopted by the State Board of Education. The Board may terminate or suspend the pupil activity contract if the permit is suspended, revoked or limited by the State Board of Education.

Pupil activity contracts are limited nonteaching contracts in effect for a term not to exceed one year. The Board provides written notice of nonrenewal on or before June 1 of each year.

The Board approves the positions and the compensation for these assignments. Contracts are awarded by the Board upon the recommendation of the Superintendent. The Board meets all requirements of the Fair Labor Standards Act.

The Board directs the Superintendent/designee to identify those pupil activity contract positions that direct, supervise or coach programs that involve athletic, routine or regular physical activity or involve health and safety considerations. Individuals accepting these contract positions must meet the requirements established by the Ohio Department of Education, State law and the Ohio Administrative Code.

CONTRACT REF.: Support Staff Negotiated Agreement

NOTE: The Board must be aware for four important issues when awarding pupil activity contracts to nonlicensed/noncertificated employees:

- 1. Although teachers are not subject to the overtime provisions of the Fair Labor Standards Act (FLSA), nonlicensed/noncertificated employees are subject to these provisions. Nonlicensed/Noncertificated employees may be entitled to minimum wage and time and one half for any time worked in excess of 40 hours (including the time spent on his/her regular job assignment). The employee may not decline the rate of pay. Employers are subjects to significant penalties for violations of the law. Employees are permitted to volunteer their time and stipend may be awarded if the value of the stipend does not exceed 20% of what would otherwise have been paid to someone else for their work.*
- 2. Before a qualified nonlicensed/noncertificated individual may be given a first-time pupil activity contract by the District, the Board must adopt a resolution stating that it offered the position to licensed employees in the District and not person qualified to fill the position accepted it. The resolution must also state that the Board then advertised the available position to any qualified licensed person who is not currently employed by the Board. The Board has broad latitude in its hiring decisions. Be sure to observe the provisions of District negotiated agreements.*
- 3. The issue remains one of renewal – this is where the statute is unclear. After a nonlicensed/noncertificated person has been granted a pupil activity contract, ORC 3313.53 (D)(2) allows the Board to renew the contract without first offering the contract to any qualified certificated person and without adopting the resolution required for the initial reward of such a contract. ORC 3313.53(D) (2) seems to permit a school district to renew such a contract for one or more years.*

However, ORC 3313.53(F) limits these supplemental contracts to one year. Therefore, whether multiple-year supplemental contract for nonlicensed/noncertificated employees are permissible is not clear from the statute. Renewing a supplemental contract for a term not to exceed one year avoids this potential uncertainty.

- 4. The Ohio Department of Education (ODE) requires that pupil activity permit applicants submit to criminal records checks (ORC 3319.303; Ohio Administrative Code (QAC) 3301-27-01). The Ohio High School Athletic Association (OHSAA) requires volunteer coaches to hold pupil-activity permits. Accordingly, volunteer coaches must have pupil activity permits and will need to submit to criminal records checks prior to obtaining or renewing said permit*

CLASSIFIED STAFF RECRUITING/POSTING OF VACANCIES/HIRING

The recruitment and selection of suitable candidates for positions is the responsibility of the Superintendent, who confers with principals and other supervisors before making a selection. An employee may apply for any vacancy for which he/she is qualified.

All appointments to the classified staff are made by the Superintendent subject to confirmation by the Board. In making these appointments, the Superintendent carefully observes all pertinent laws and Negotiated Agreements, as well as any regulations which may be approved from time to time by the Board.

The Board fixes conditions of employment as well as wages, hours and other benefits for classified staff members upon the recommendation of the Superintendent or as determined by the Negotiated Agreement.

Rehiring of Retirees

If an employee is retiring and seeks re-employment in the same position, then public notice must be given 60 days prior to the date re-employment is to begin. The notice must state that the person is or will be retired and is seeking re-employment in the District. The notice must include the time, date and location of a public meeting, which must take place 15 to 30 days prior to employment.
